Appalachian National Scenic Trail

Project Proposal & Review Form

PROJECT INFORMATION

Project Name Canopus AT Access trail, near 41.48060, -73.82143		Location Canopus Lake, Fahnestock State Park, NY	
Category <input checked="" type="checkbox"/> New <input checked="" type="checkbox"/> Repair/Replace <input type="checkbox"/> Remove/Demo	Prior Planning	Trail Club	Name of Lead Erik Mickelson Tele: 760-893-9331 Email: emickelson@nynjtc.org
	<input type="checkbox"/> Trail Assessment Year _____ <input type="checkbox"/> Capital Plan Year _____ <input type="checkbox"/> Local Mgmt. Plan Year _____	NYNJTC	
Target Start 8-20-14		Target Finish 10-15-14	

BRIEF DESCRIPTION (remember to also attach a more detailed description of the work to be performed)

SECTION 1

Realignment to avoid a fall line segment, and the clarification and definition of the connection to the AT.
Closure of a short low segment that acts as a drain off the AT.

The realignment is within 200 ft of the old, and the connection point to the AT will not change.

Trail Assessment Deficiencies
(list the "AT ID" of all deficiencies that will be addressed - attach list if needed)
