#### **Supervisor Worksheet [Optional]**

## **Worker and Hours Calculation**

Use the below, optional grid to help you calculate for any trips and work you conducted as a supervisor.

- Workers = How many people volunteered (include yourself in this number) Example: If two friends joined you this number would be 3
- Worker Hours = Total hours volunteered by all workers (work hours include the time to hike to the worksite) Example: If you and your two friends all worked two hours: 3 people x 2 hours worked = 6 worker hours
- Travel Hours = Total roundtrip travel time to the parking area for all workers Example: If you and your two friends traveled 45 minutes roundtrip: 3 people x .75 hour = 2.25 travel hours

Trip Date	Workers	Worker Hours	Travel Hours

# **Additional Workers**

If anyone joined you on a <u>supervisor</u> trip and is not already a registered TC volunteer, list their information here. We require the information of all workers for *liability and insurance* reasons – we won't add them to our mailing list.

### **Maintainer Assignment Changes and Failing to Report**

Maintainer assignment changes should be reported to <u>volunteer@nynjtc.org</u> in real time throughout the year. These biannual reporting periods are a good time to check in on your maintainers and ensure they feel supported and want to continue maintaining.

If you have any maintainers/clubs that have failed to report, please reach out to them and discuss what's going on. If, after speaking to them, a decision is made to end the maintainer's volunteer term, please report this as soon as possible.

In addition to the many reasons we need correct information, having good data means we're able to pull proper reports for you and we also need people accurately recorded in our database to ensure they are covered by insurance/liability if they get injured.
